SUMMARY

Enthusiastic Computer Science undergraduate specializing in Artificial Intelligence and Machine Learning. Proficient in Python and SQL, with hands-on experience using TensorFlow and PyTorch for deep learning applications. Strong foundation in algorithms, data structures, and data analysis. Passionate about applying AI/ML concepts to solve real-world problems and eager to contribute to innovative projects while continuously learning and improving.

EDUCATION

2022 – 2026	B.Tech in CSE(AI & ML), **S.V.C.E.T**	(CGPA: 8.15/10)
2020 – 2022	Intermediate, **S.B.T.R.M Junior College**	(CGPA: 6.78/10)
2019 – 2020	Class 10, **Sri Chaitanya School**	(CGPA: 10/10)

SKILLS

Programming	Python, C (Basic), SQL (Basic), HTML
Data Tools	Power BI, Data Visualization, Data Analysis
Soft Skills	Communication, Time Management, Teamwork
Languages	English, Telugu

PROJECTS

- **Amazon Reviews Sentiment Analysis**   2025
  - Built a sentiment analysis system using PyTorch to classify Amazon reviews.
  - Enhanced accuracy through feature engineering and exploratory data analysis.
  - Designed interactive dashboards with Power BI and matplotlib for insights.

- **Fitness Tracker**   2024
  - Created a mental fitness tracker to boost self-awareness and resilience.
  - Implemented tools to encourage healthy habits and emotional well-being.
  - Focused on supporting users in achieving balanced, happier lifestyles.

CERTIFICATIONS

- Earned **Power BI Certificate** from Scholiverse Education Pvt. Ltd.   (Aug 2025)
- Earned **AI & ML Certificate** from EXCELR by APSCHE   (Aug 2024)

- Earned **Data Engineering Foundation** Certificate from L & T (Aug 2024)
- Earned **Programming for Data Analytics (Python)** Certificate from L & T (Mar 2024)

PARTICIPATION & ACHIEVEMENTS

- Participated in the **HCL GUVI Hackathon** (2025)
- Participated in the **College Cricket Tournament** (2024)
